

ABOUT US

Wiegand's Lake Park is our third generation, family owned and operated business currently enjoying our 74th year. We are an industrial group specialist, catering to companies who want an exclusive rental of our 100 acre park for their company picnic or off-site meeting. We professionally cater each outing according to the company's particular needs.

Our strengths include the quality of our food and our clean, beautiful grounds. We serve many of Northeast Ohio's larger companies, several of whom have been a part of our season for ten or even twenty consecutive years.

YOUR OFF SITE MEETING

A typical off site meeting at our park will begin with a breakfast served as employees are arriving. Most groups then have their meetings throughout the morning, interrupted perhaps by a mid-morning coffee/snack break. Groups may congregate in our pavilions, upper and lower dance hall, or even at picnic tables near the lake.

We customarily serve a hearty noontime lunch, after which there may be organized team-building games, or simply free time in a restful setting away from the office during which coworkers can get to know one another better. They can play volleyball, basketball, go for a boat ride, play softball, swim, hike, or just sit under

POSITIVE RESULTS

Choosing our non-traditional retreat for your offsite meeting will yield employees who feel refreshed, energized, and motivated to work productively with the people they got to know at the meeting. Positive attitudes are, quite simply, contagious!

Please contact Wendy at 440.338.5795 or at www.wiegandslakepark.com for additional information such as menus, pricing, pictures, and maps, or to arrange for a tour of our grounds.

UNIQUE BENEFITS

Our customers tell us they reap two special benefits by having their offsite meeting at Wiegand's Lake Park:

Natural Beauty

So unlike an office building or hotel meeting room, our park sets a special tone for your meeting in which people relax, leaving office politics and false business demeanor behind. Employees get the message that this is not the usual meeting at the usual place. The meeting is important and so are they!

Our Business Style

Visitors to our park witness a good example of high loyalty, productivity, and motivation. We have succeeded through the years in creating a sense of belonging, caring, and ownership in our staff. We care about the quality of our product and the success of our business. We're told our energetic example further enhances the success of an outing at our park.
