

Wiegand's Lake Park

Excellence for 75 Years

BY JOHN FUHRY

With 75 years experience, Wiegand's Lake Park remains the ultimate solution for company picnics, fresh-air meetings or special events.

Catering to companies seeking a private retreat in a pleasing, unspoiled setting, Wiegand's has a beauty and energy all its own. With the expertise and ability to customize events they continually exceed their client's expectations.

Wiegand's is perfect for corporate, family and community events. The park accommodates groups from 100 to 1600 and is surrounded by 103 acres of natural beauty featuring a spring-fed lake. From set-up to clean-up, Wiegand's provides clients with a seamless experience that's totally fun, relaxing and professional. Wiegand's Lake Park stresses entertainment from a family perspective, has something for everyone, and provides a total package deal.

The entire park is rented to only one company each day for their private, catered picnic, clambake or fresh-air meeting. Picnics feature lots of entertainment for the kids and Wiegand's homemade, all-you-can-eat menu. Famous for their homemade ribs, chicken and potato salad, even their simplest menu offers over 20 choices, served all day long!

Guests enjoy paddleboating and swimming, as well as playing softball, volleyball, basketball, soccer, horseshoes and cornhole. There are extensive playgrounds, a large bi-level dance hall, handicapped-accessible restrooms, a covered pavilion, as well as refreshment stands serving a vast array of food. Some recent improvements made to the Park include new decks, walkways, restrooms and additional pavilions, as well as a new playground, wading pool and paddleboats.

A remarkable and continuing evolution of an abandoned farm bought by Wilfred and Ella Wiegand in 1932, Wiegand's Lake Park is a family owned/operated business that represents three generations working together for 75 years. In 1962, the second generation, Robert Wiegand and wife Bianca, assumed responsibility of the Park. With three young children

to provide for, equity came in the form of long days and hard work. They made substantial improvements to the physical property and expanded services and menus offered. In 1987, their daughter Wendy assumed management responsibility for the Park, which she still operates today with partner Bill Frantz.

The Wiegands believe their business is a sure-fire way to enhance employee relationships while building a community spirit in the workplace. A dream for HR people, employees leave the Park refreshed, energized and motivated to work more productively with co-workers they get to know in this scenic, spacious setting. Company picnics build intimacy, shared values, and experience outside the traditional structure of the workplace and that engenders company loyalty, increased teamwork and productivity. Leaving the stressful, competitive atmosphere of office politics behind, an event at Wiegand's Lake Park is guaranteed to provide clients with an unforgettable, engaging, and entertaining event unlike any other they've experienced.
